**CHILDREN'S BUREAU FOSTER FAMILY AGENCY CONTRACT COMPLIANCE
MONITORING REVIEW**

The Department of Children and Family Services (DCFS) Out-of-Home Care Management Division (OHCMD) conducted a review of Children's Bureau Foster Family Agency (Children's Bureau FFA) in August 2012. Children's Bureau FFA has two licensed offices, one in the Fifth Supervisorial District and the other in the Second Supervisorial District, and provides services to Los Angeles County DCFS foster children and youth. According to the Children's Bureau FFA program statement, its mission is "to prevent child abuse and neglect; protect, nurture, and treat abused children. Enhance the potential of families and communities to meet the needs of their children and advance the welfare of children and families through superior programs in foster care, adoptions, child development, parent education, mental health, research and advocacy."

At the time of the review, Children's Bureau FFA supervised 173 DCFS placed children in 118 certified foster homes. The placed children's average length of placement was 10 months and their average age was four.

SUMMARY

During our review, the interviewed children generally reported feeling safe at Children's Bureau FFA; having been provided with good care and appropriate services; being comfortable in their environment and treated with respect and dignity. The certified foster parents reported they were supported by the Children's Bureau FFA staff in their

efforts to provide care, supervision and service delivery to the children placed in their homes.

Children's Bureau FFA was in full compliance with eight of 11 sections of our program compliance review: Certified Foster Homes; Maintenance of Required Documentation and Service Delivery; Education and Workforce Readiness; Psychotropic Medication; Personal Rights and Social/Emotional Well-Being; Personal Needs/Survival and Economic Well-Being; Discharged Children and Personnel Records.

We noted deficiencies in the area of Licensure/Contract Requirements related to a Community Care Licensing (CCL) citation. We also noted a finding in the Facility and Environment section involving a certified foster parent's poorly maintained backyard and a screen missing from the home's bathroom window. Finally, we noted a finding in the Health and Medical Services related to an untimely initial dental examination.

Of noteworthy mention, a sibling set of brothers, ages eight and 12, both taking Psychotropic medication, are being adopted by a Children's Bureau FFA family who previously adopted a female child with the agency. This family has two natural teenage sons, which will bring their family size to five once the adoptions are finalized. The foster parents credit the FFA for providing them with on-going support and guidance that assisted them in achieving their adoption goals.

Attached are the details for our review.

REVIEW OF REPORT

On September, 24 2012, the DCFS OHCMD Monitor, Elaine Lane, held an Exit Conference with Children's Bureau FFA representative, Lou Nieman, Director of Foster Care and Adoptions and Cathy Allan, Program Coordinator. Children's Bureau FFA's representative agreed with the review findings and recommendations; was receptive to implementing systemic changes to improve their compliance with regulatory standards; and agreed to address the noted deficiencies in a Corrective Action Plan (CAP).

A copy of this compliance report has been sent to the A-C and Community Care Licensing (CCL).

Children's Bureau FFA provided the attached approved CAP addressing the recommendations noted in this compliance report.

We will confirm that these recommendations have been implemented during our next monitoring review.

**CHILDREN'S BUREAU FOSTER FAMILY AGENCY
CONTRACT COMPLIANCE MONITORING REVIEW
FISCAL YEAR 2012-2013**

SCOPE OF REVIEW

The purpose of this review was to assess Children's Bureau FFA's compliance with the County contract requirements and State regulations and included a review of the Children's Bureau FFA's program statement, as well as administrative internal policies and procedures. The monitoring review covered the following 11 areas:

- Licensure/Contract Requirements
- Certified Foster Homes
- Facility and Environment
- Maintenance of Required Documentation and Service Delivery
- Educational and Workforce Readiness
- Health and Medical Needs
- Psychotropic Medication
- Personal Rights and Social Emotional Well-Being
- Personal Needs/Survival and Economic Well-Being
- Discharged Children
- Personnel Records

For the purpose of this review, 12 children were selected for the sample. We interviewed 10 children; two children were not interviewed due to their young age. We reviewed 12 case files to assess the care and services they received. Additionally, five discharged children's files were reviewed to assess Children's Bureau FFA's compliance with permanency efforts. At the time of the review, five placed children were prescribed psychotropic medication. We reviewed their case files to assess for timeliness of Psychotropic Medication Authorizations (PMAs) and to confirm the required documentation of psychiatric monitoring.

We reviewed five certified foster parent files and four staff files for compliance with Title 22 Regulations and County contract requirements. Interviews were conducted with five certified foster parents to assess the quality of care and supervision provided to children.

CONTRACTUAL COMPLIANCE

We found the following three areas to be out of compliance.

Licensure/Contract Requirements

- One of the five homes visited had a Community Care Licensing (CCL) substantiated citation.

Recommendation

Children's Bureau FFA's management shall ensure that:

1. All placed children are safe and free of abuse and neglect.

Facility and Environment

- One of the five certified foster homes visited did not have a well maintained and safe backyard. This backyard had no grass and had large holes in the dirt making it unsafe for children to play. Also, the fence was in poor repair and held upright by a wood plank. Additionally, there were several cans of paint, an old table, broken chairs, and a large pile of jagged wood pieces stored in the backyard. Finally, one bathroom window in the home did not have a screen. This was immediately brought to Children's Bureau FFA's attention as the FFA social worker was on site at the time of our home inspection. The FFA social worker instructed the foster parent to repair the fence, clean the yard and fill the holes in the dirt.

Recommendation

Children's Bureau FFA's management shall ensure that:

2. All certified foster homes have backyards that are clean and safe for children and that all certified foster homes have screens on all windows.

Health and Medical Needs

- We noted that an initial dental examination was two days late for one placed child. The FFA Director of Foster Care and Adoptions submitted a CAP to address the finding.

Recommendation

Children's Bureau FFA's management shall ensure that:

3. All age-appropriate children have an initial dental examination within 30 days of placement, the FFA staff routinely monitors for on-going compliance, and documentation is maintained in the children's files.

PRIOR YEAR FOLLOW-UP FROM DCFS OHCMD's FOSTER FAMILY AGENCY CONTRACT COMPLIANCE MONITORING REVIEW

The OHCMD's last compliance report dated May 15, 2012, identified three recommendations.

Results

Based on our follow-up, Children's Bureau FFA fully implemented two of the three previous recommendations for which they were to ensure that:

- Certified foster home backyards are clean and safe for children.
- Foster parents store all medications in a locked container or cabinet.
- Initial Needs and Services Plans (NSPs) are completed within 30 days of the child's placement, that FFA staff routinely monitor for on-going compliance and documentation is maintained in the children's files.

During the current review, one certified foster home did not have a well maintained and safe backyard. This finding is addressed in the CAP submitted by the agency, attached to this report.

MOST RECENT FISCAL REVIEW CONDUCTED BY THE AUDITOR-CONTROLLER

A fiscal review of Children's Bureau FFA has not been posted by the A-C.

Re: Draft Report Compliance Review Report Fiscal Year 2012-2013

Dear Elaine:

This is in response to your letter to CB dated October 5, 2012, with respect to the above, including our Corrective Action Plans. As a positive, we received feedback from several CB families that, despite a compliance review being potentially a stressful experience, you helped put them at ease, were empathetic, and they felt valued as parents.

OHCMD noted deficiencies in the following areas with our response following each:

- 1) Licensure/Contract Requirements related to a Community Care Licensing (CCL) citation. This was regarding a foster parent admitting to an instance of inappropriate discipline. CCL substantiated a personal rights violation. All adults in the home received a refresher training regarding personal rights and appropriate discipline on May 24, 2012.
- 2) Facility and Environment Section involving a foster parent's poorly maintained backyard and a screen missing from the home's bathroom window. CB social worker worked with the family and corrected all of the items noted. CB social worker will verify this at the next home visit on 10/10/2012.
- 3) Health and Medical Services related to an untimely initial dental examination that was two days late. This was a situation where there was a change of CB social workers within the first 30 days of a child's placement and it was an oversight that the dental exam was late. CB staff are already aware of the medical and dental exam time frames. A refresher training was provided at supervisor meetings on September 10 and October 8, 2012, which is also to be passed on in additional future team trainings by each individual supervisor.

Thank you for your noteworthy section of our report where a family's satisfaction with our services and support were noted in a difficult match of two older children.

Please let me know if there is anything further you need. Cathy and I both want you to know that we have enjoyed working with you over the years, and wish you the best of luck in your future endeavors.

Sincerely,

Lou Nieman
Director of Foster Care and Adoption
